

Top 100

Important personalities of the Rhineland golf scene - thank you for your commitment!

There are many people in many different jobs working hard to foster and promote golf in the Rhineland. As in previous years, a lot was achieved in 2008. In the year which is now drawing to a close, the 100 individuals we list on these pages have, in their work and through their activities,

contributed to making golf more popular than ever in the Rhineland. By choosing these 100 individuals to represent the whole golf scene in the Rhineland and publishing their names, *Rheingolf Magazin* would like to thank them for their contribution.
